BLUEBEARD TURNS ATTORNEY

(BY A. P. NIGHT WIRE)

SAN RAFAEL, July 24.—J. P. (Bluebeard) Watson, Los An-

geles wife murderer who is serving a life sentence in San Que-

ntin prison, appeared in the Police Court today as a witness in

the probating of the will of James B. Moore, a cellmate. The will

left \$400 to Ensign Lee of the Salvation Army in San Francisco.

Watson testified that Moore, a few months ago, feeling that

he was going to die, had Watson draw up his will and act as

witness to the instrument.

our foreign trade by reducing im-

ports to such a level that foreign

nations would cease to buy our

products have not been fulfilled.

Both our imports and exports

have increased since the present

tariff law was enacted, the Pres-

ident emphasizes.

To change the tariff now, Mr.

Coolidge contends, would produce

business uncertainty, than which

at this time nothing could be more

unfortunate.

This disclosure of the attitude

of the President is notice that he

will oppose the move on the part

of certain agricultural interests in

Iowa and other parts of the grain

belt for a reduction of the tariff

on the articles they consume. For

some time there have been reports

of a tariff reduction in develop-

ing in the Middle West. The argu-

ment being that if the farmer is

allowed to boost the prices of his

products along the line of the Mc-

Nary-Taughen price-control plan

he will insist on a cheapening of

manufactured and other articles

he uses. Reducing the tariff on

such articles is the method pro-

posed for reducing their cost.

HELLMAN JOINS

BANK-PLOT ROW

Expected to Move Against

Bank of Italy Group

Pacific-Southwest Officers

Named in New Bill

False Statement Laid to

State Superintendent

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, July 24.—

Marco Hellman, president of the

Merchants' National Bank of Los

Angeles, and head of the powerful

Hellman interests of Southern

California, will take the stand when

the Fresno Valley Bank suit comes

to trial. It was revealed today when

an amended complaint in the case

permeated in Superior Judge Ward's

court.

The entry of Hellman into the

suit indicates that he will step into

the action against the Bank of Italy

and the Pacific-Southwest bank.

The suit, which was filed in the

Fresno court, charges that Hellman

received into a bitter banking fight

of State-wide importance.

Coincident with the development

of the suit, the Fresno court has

named three defendants in the ac-

tion. They are Charles F. Stern,

president of the Pacific-Southwest

bank; W. A. Sutherland, vice-pres-

ident of the same institution, and

William Oliver, attorney for the

State Banking Department.

The new complaint was filed to-

day by Attorney Clarence M. M.

Booth, representing minority stock-

holders in the action as plaintiff.

He asked for a continuance from

August 3, when the case was sched-

uled to come to trial, in order to

permit Hellman to testify. Hellman

is now in the East, and will be

unable to appear on the scheduled

trial opening date, said Booth.

(Exclusive Service)
SAN BERNARDINO, July 24.—When Mrs. Minerva Brown of San Bernardino was butted through a fence by an angry steer on a fall day in June, she sustained \$200 property damages and asks \$5000 exemplary damages in a suit filed in the Superior Court against the Howland Cattle Company, an enterprise which she claims was negligent.

Mrs. Brown was injured under the most distressful circumstances and underwent a harrowing experience while being chased, butted and trampled by the brute steer, she alleges in the complaint.

The affair occurred when Mrs. Brown and her husband were on motor tour. In Brea Canyon, all aspects, they stopped along the highway to spread a picnic lunch under a tree. Flango riders lunged

Mrs. Brown asserts that she suffered physical and emotional distress in addition to property injuries, adding that her husband's loss of a leg, her destroyed silk stockings and her hair was smashed beyond repair.

In the case she asks \$20,000 damages; \$14 for the services of a veterinarian; \$10 for the loss of her hair; \$3.50 for cleaning and repairing her dress; \$2 for heads; \$10 for a new pair of stockings; \$10 for replacing her glasses that were smashed when she was "forced" through the fence by the angry animal.

Angelenos Plan
to Stop Barking Dogs

San Diego

(SPECIAL ADVERTISING SECTION)

SAN DIEGO, July 24.—Low prices and anxious capitalists will invest \$1,000,000 in a twelve-story office building to be erected here on the corner of Fifth and B streets. It was announced here by L. Kram and Frank E. Rubin, Los Angeles and San Diego, respectively, that the property are said to be nearly completed.

The plan involves a long-term lease and option to purchase the property from George W. Harrison, who is now in Los Angeles, left for Los Angeles today, after having served notice on tenants of the building at this office to vacate as soon as possible. All the building, including the steel structure will be started within thirty days. Plans already have been drawn for the building of concrete and steel, to be devoted to offices with stores on the ground floor.

PLANNING VERDUGO HILLS PLAYGROUND
(LOCAL CHANCECOMMENTS)

GLENDALE, July 24. — A public utility company has been planning a recreation ground for the people of Southern California. It is said in a plan that has been advocated by the Southern California Council for the establishment of a series of parks in the Verdugo Hills, north of the city. The Council has outlined to Thomas W. Watson, chairman of the commission, and the board of directors, a plan for the acquisition of the land, the construction of roads and trails through the entire region, the principal road to be a boulevard, and the use of the drive on all the other roads. An idea of the plan would connect the country on all sides of the Verdugo Hills with the parks that are to be built. The plan is to be presented to the Verdugo Hills Associated Chamber of Commerce at a meeting here next Tuesday night.

MOTORIST HELD BY

DISTRICT ATTORNEY

LOCAL COLUMN

ROSCOE, July 24.—On advice from the District Attorney's office, Domenico Valira, 1128 San Francisco street, was arrested today on a charge of suspicion of manslaughter, following the death of Antonio Alario, who was thrown from Valira's automobile, a few days ago, when it struck a truck near his home. Valira was driving the car and was swerving from the side of the road to the other, at the time of the accident, which was named the accident. A Coroner's jury at Glendale yesterday morning found that Alario died "under the circumstances," but on advice from the District Attorney's office, the latter charged Valira, who will be held until further investigation.

BONES OF CHILD

IN SHALLOW GRAVE

(EXCLUSIVE DISPATCH)

Oxnard, July 24.—A skeleton

unearthed by Mexican laborers while digging in the Santa Clara River bed a few miles northwest of here, has led to an investigation by the authorities. The bones were dug up one or two at a time and placed in a pile. All the bones, including the skull, of what was believed to have been a child about 11 or 12 years of age, were found and turned over to the officers. Whether a murder mystery had been brought to light or whether the bones are from an old Indian burial ground were questions discussed here today.

ELEN WILLS BEATS MARY K. BROWNE

CHAMPION TOO GOOD FOR SANTA MONICA NET STAR

and Vanquished, Playing Together, Cop Doubles Title in Manchester Tourney

(BY A. P. NIGHT WIRE)
 MANCHESTER (Mass.) July 24.—Miss Helen Wills of the United States, champion, decisively defeated Mary K. Browne, of Santa Monica, Cal., second ranking in the world, in the final of the women's invitational tournament at the Essex County Country Club. The scores were 6-2, 6-1.

Bancroft and Doeg Win Three Titles in Iowa

(BY A. P. NIGHT WIRE)
 PORT DODGE, July 24.—A comeback that would not be denied cost Iowa the doubles championship of the State this afternoon when H. H. Bancroft, San Diego, and Johnnie Doeg, Santa Monica, turned on Clayton Paige, Port Dodge, Iowa, and Harris Coggeshall, Des Moines, 2-6, 6-4, 4-6, 6-4, after the Iowans had twice had them at match point in the third set.

The break came in the tenth game. Doeg, who was serving, recovered after the count had twice reached match points and won the game and the succeeding two. After that the invading California combination was never headed. Paige and Coggeshall had a second chance to win in the fourth set, but Coggeshall lost his service for the first time in the match and the opportunity vanished.

Later in the afternoon Doeg and Bancroft added the junior doubles title to the three they will carry back to the Coast. They defeated Coggeshall and Frank Wagoner of Des Moines, 2-6, 6-3, 6-0, in the final of the junior play. Doeg took the junior singles trophy in a match this morning with Bancroft.

BARA BEATS O'DONNELL

Rally Wins for Northerner; Harry Runcan Whips Johnny Grella

Hard-hitting product of San Francisco's fight arenas, Harry Runcan took a six-round decision over Johnny Grella. It was the semifinal fight. Violent action and nothing else was placed on exhibition by both sides of the argument from start to finish. Grella kept boring in and so did Runcan. Grella was down for a knockout punch in the sixth, but nobody knows whether he was or not.

RABBIT PUNCHES

HE'S HOME AGAIN

IT WAS a disappointed throng that gathered at the Central station to see Jack Dempsey and his bride, Estelle Taylor Dempsey, breeze in from the East yesterday afternoon. The train arrived on time, but Jack and Estelle didn't. They gave the throng the slip and disappeared at Pomona.

Undismayed by the fact that Dempsey failed to put in an appearance at the station, the brave photographers dashed wildly for the Wilshire Apartments.

Jack Dempsey arrived in Los Angeles last night from New York and Europe, dodging reporters and friends by getting on the train at Pomona. Whether he plans to fight soon or go on with his motion-picture work Jack alone knows. He is shown here garbed for the latter vocation.

Champion and Wife Hop Off Train at Pomona

Says Situation With Kearns is Unchanged

Expects to Meet Harry Greb in First Bout

BY W. C. WISE

William Harrison Dempsey, world's heavyweight champion, and Estelle Taylor Dempsey, his bride, slipped away from a throng of a few months, looking more beautiful than when the stiffest king maitre d'hotel captured her heart in San Diego, slipped away from a Union Pacific train at Pomona yesterday and after shooting a few last scenes for their current motion picture, closed their European honeymoon with a motor trip that ended in their Hollywood home.

Since his return to this country, Dempsey has been forced to swim through a mass of conflicting newspaper reports that originated in New York and last night the "heavyweight champion" issued a statement covering all of his pugilistic affairs to date.

EXONERATE BOXER OF MURDER CHARGE

(BY A. P. NIGHT WIRE)
 LOUISVILLE (Ky.) July 24.—A coroner's jury investigating the death of Mickey Shannon, Chicago boxer, whose neck was broken when he was knocked through the ropes in a bout here Tuesday night, returned a verdict of "unavoidable accident" today.

Harry Pay, 21 years of age, Shannon's opponent, was exonerated of any blame.

Jack denied that he had an appointment with the New York Boxing Commission last week. "There is absolutely no foundation for the story that I ignored the commission did not expect me there last week and I know they never gave out the story that I ignored them by failing to appear."

The fight is in the bucket. "I have agreed to fight for Kearns, but until a final agreement has been reached between the fighter and his manager, Dempsey is standing pat with the simple statement that conditions have not changed during the past few months."

NO APPOINTMENT

Earnest Shay of Lake Arrowhead and Henry C. Lamb of Rialto tied for second at 144, and Carl Dodson of San Bernardino and Grady Watson of Phoenix were next with scores of 143.

Don Morrison and Fred Grewell of Los Angeles tied at 136 for first place among the professionals.

"I know how tough Greb is, and I expect to start training at once. I'm going to the mountains for a few weeks and get in a lot of leg work—then right back here to the Manhattan gym, where I will work until a few weeks before the Michigan City fight."

Jack is in earnest this time—in fact, Dempsey has been sincere in his fighting aspirations ever since he dropped Firpo in New York. Jack has stood for a lot of heckling, and despite the fact that training has never been one of the fond.

 NEW YORK, July 24.—Vincent Richards, Olympic champion, overwhelmed Takeichi Harada, Japanese DeWitt cup ace, in the fifth round of the metropolitan tournament tennis championship, 6-3, 6-0. The contest lasted only 28 minutes.

Harada's backhand proved erratic and he repeatedly drove out of court. The victory advanced Richards to the semifinal round in which he will meet Dr. George King tomorrow.

JACK BURKE IS BEATEN BY DELANEY

Referee Stops Bout in Ninth Round to Save Loser from Injury

(EXCLUSIVE DISPATCH)
 NEW YORK, July 24.—Jack Delaney of Bridgeport, Conn., defeated Jack Burke of Pittsburgh in the main event of a scheduled 10-round bout at the Coney Island stadium tonight.

The referee, Andy Griffin, stopped the contest in the ninth round, with Burke in bad shape, and it goes as a technical knockout for Delaney. When the referee intervened, Burke tried to take a punch as he was being carried out of the ring.

It looked as though there would be a free-for-all fight. Delaney gave Burke an awful beating all the way and the referee should have stopped it long before he did. Delaney had Burke on the floor twice in the first round and again in the fifth. The Pittsburgher never had a chance, but stood up gamely under grueling punishment.

Delaney weighed 184 and Burke 175.

U.S. LAWN TENNIS ASSOCIATION AFTER BILL TILDEN AGAIN

(EXCLUSIVE DISPATCH)
 NEW YORK, July 24.—Unless Bill Tilden stops immediately selling interviews covering current tennis tournaments in which he competes to a syndicate by which he is employed he will be halted before the executive committee of the United States Lawn Tennis Association within the next fortnight.

This definite information came today from an official of the national body.

No matter whether the executive committee members believe that Tilden is violating the amateur rule or not, the national body will take up his case and issue an official ruling. If it is found that the champion is violating the rule he will be told to stop selling the interviews or face immediate suspension as an amateur.

The fact is that the United States Lawn Tennis Association fears international complications.

HASTY WIELDS BIG TOMAHAWK

Two Homers Cause Downfall of Sylvester Johnson

Emmer and Herman Slug Out Telling Circuit Pokes

BY ROBERT E. RAY

With big Bob Hasty hurling airtight ball in the pinches, "Radiant Red" Killefer, Seattle Indians lead little Seattle team to a double victory, 4 to 0, in yesterday's game at the local baseball amphitheater.

The team now have a 3-1 edge in the series, which may or may not be important.

Johnson, who has yet to quit the "chickadee" of victory while under the victor's shadow.

At that, Hasty made the Indians hit home before he would allow them to score earned runs off him. "Circuit slouts by Hasty and Herman, each with a homer, accounted for the Suda's defeat, while an error by Gordon in the fifth round, when your mates neglect to go through the necessary formality of getting any marks on the plate."

For three innings Johnson reeled the Suda's as scorelessly as Hasty did the Tigers the whole game, but in the fourth, Sylvester's troubles began. After striking out Brick Eldred, who claims there is a base-hit famine raging in Washington Park, Johnson made a mistake by pitching the ball so Babe Herman could bat it for an infield hit. Billy McCabe was out in a double manner, but Frank Emmer was trying to impress Scout Joe Cantillon that he is a good enough player to be purchased by the White Sox, smashed one to right center. The hit originated with a bunt, but it was a triple, but Neal Finn, who took Wolfers' relay, thought the ball was a bunt and started running with it for a touch-down. Emmer, who was still playing baseball, rounded third and kept right on going until he crossed the plate for a homer inside the park.

A LA RED GRANGE

Finn had possessed Red Grange's fiery locks and peddled ice during the war. Grange was a looked-upon like Red Grange running through a broken field. Finn might have been a good enough player to be purchased by the White Sox, smashed one to right center. The hit originated with a bunt, but it was a triple, but Neal Finn, who took Wolfers' relay, thought the ball was a bunt and started running with it for a touch-down. Emmer, who was still playing baseball, rounded third and kept right on going until he crossed the plate for a homer inside the park.

SANTA BARBARA FUND

The Times will receive, acknowledge by publication and deliver to the authorized agents of the California Development Association any sums sent to this paper as contributions to the \$1,000,000 fund to be raised by the association for emergency and charitable work in stricken Santa Barbara.

The Times itself started the fund with a donation of \$10,000 and takes this occasion to urge all loyal Californians, individuals, organizations, companies, etc., to give to the extent of their abilities. The need is urgent. Santa Barbara has pluckily refused eastern help in the belief that California will take care of her own. Let her be not disappointed!

Make checks payable to the Santa Barbara Fund and send them to The Times, Los Angeles, Cal.

SIDE BURN—HE SWEARS BY IT!

Story Told by Owner of Painting Differs by a Whisker From That of Art Expert Asking \$29,800 in Suit Over Asserted Gainsborough

Bradford Perin told his story of Gainsborough's "Whisker" in Judge O'Donnell's court yesterday. Perin's story differs from that of E. F. Squadrilli, who is suing him for \$29,800, by a whisker. In short, Perin contended in his own defense that a piece of canvas which Squadrilli, an art expert, claims is a study of the famous "Whisker" painting, is nothing more than a study of the artist's head. He said he thought it was a likeness of Sir Thomas Lawrence. Squadrilli, through Attorney E. M. Torchin, brought suit against Perin, a Pasadena art collector, claiming that in December, 1922, Perin invited him to look at the picture, which was badly in need of cleaning. Squadrilli says that Per-

HANGARS IN PARK FACE FIRE PERIL

Brush Blaze Sweeps Over Fifty-Acre Area West of Griffith Flying Field

Fire burned over an area of brush in Griffith Park west of the hangars in the aviation field yesterday afternoon, leaving a black, disfiguring blotch along one of the ridges.

Fire Chief Walker of the Hollywood company said the burned area included about forty or fifty acres, and that no buildings were on it or near enough to be imperiled. He said he was unable to determine the cause. A few pine trees were in the area.

In the city park department offices it was said the fire originated at the junction of the bridge trail and the mountain drive, and might have been due to a careless smoker. Men from the City Light and Power Bureau watched the fire burn, and the fire was out by 3:45 o'clock, after having burned for about an hour and a half. Employees from other city parks were dispatched to the area, but the fire was out before they arrived.

HAYS TELLS PENSION PLANS

Presbyterian Campaign for \$15,000,000 Retirement Fund to Aid Preachers Will be Pushed in Fall

Raising of the \$15,000,000 Presbyterian ministers' retirement fund will begin with vigor this fall, Will H. Hays, chairman of the Presbyterian Church's national committee on preachers' pensions, said last night. He regards the recent establishment of a free employment bureau as a splendid step toward preventing exploitation by fee-exacting bureaus and those who aspire to screen acting.

"Already more than 2000 churches and ministers have accepted the plan. That end of the work is progressing splendidly so that we will be ready this fall to begin actual raising of the \$15,000,000 principal that is to guarantee the system."

"As already has been announced, Secretary of the Treasury Mellon is to act as treasurer of the system."

"The small salaries of ministers is a crying evil. We pay our ministers an average of less than we pay our alien ditch diggers. Why, even the Tammany fire horses in New York City are pensioned, and turned out on green pastures for the rest of their lives after they serve so long."

"Certainly we ought to do as well by our ministers." Mr. Hays is here in one of his semiannual trips to Hollywood in the interests of better motion pictures as president of Motion Picture Producers and Distributors of America. He will return East next week.

He said Greater Movie Season, which will open August 1, will show film stars some of the great pictures they have ever seen.

PAIR BELIEVED SLAIN RETURN

Pomona Men Relate Strange Tale of Shanghaiing

Copeland and Gillard Say Chinese Drugged Them

Dazed Condition and Tatters Show 60-Day Ordeal

Telling a strange tale of having been drugged by a Los Angeles Chinese, robbed and Shanghaiing on board a tramp steamer sailing out of Los Angeles Harbor, John Copeland and Marvin J. Gillard, who disappeared May 23, last, and were believed to have been murdered, stumbled into their homes at Pomona late Thursday night in a weakened, dazed condition, apparently brought on by exposure and lack of food.

The return of Copeland and Gillard ends a search made by police officers of almost every city in California. Relatives and friends weeks ago gave them up as dead, believing the two had been murdered in Los Angeles, where their car was found in the heart of Chinatown soon after their strange disappearance.

NEAR COLLAPSE

Gillard and Copeland staggered into the home of Mrs. L. L. Flisk, mother of Gillard, at 11 o'clock. Their clothing was greasy and almost in shreds and the two men were in a state of near-collapse. Yesterday they left Pomona again, hurrying to Glendale, where Copeland's mother lives in a serious condition, as the result of a breakdown brought on by her son's disappearance.

Copeland and Gillard vanished from Pomona Saturday, May 23, intending to witness the boxing bouts at the Lyceum Club in Los Angeles and to buy mushrooms in Chinatown later. According to the story they related, the two men, after leaving their homes in Pomona, went to a small store in Chinatown to buy the mushrooms and Copeland, in paying for them, acquired a roll of almost \$200 in bills.

The Chinese proprietor of the store offered the Pomona men a drink, which they accepted, and almost immediately afterward Gillard and Copeland declared they lost consciousness.

FORCED TO WORK

When they regained their senses they were on a small tug in Los Angeles Harbor. From the tug they were transferred to a steamer, they said, and were forced to work on the vessel until its return to port Thursday.

When the two men failed to return to Pomona, Gillard's wife notified the police. The car the two men had driven to Los Angeles was found in Chinatown on May 23, stripped of all its accessories and containing a mass of hard usage. Police circles were sent throughout the State, but no trace of the two men was found. As the long search continued, police became convinced that the two Pomona men had been murdered.

ARTILLERY OFFICERS DUE AT CAMP SUNDAY

Officers of the Six Hundred and Eight Coast Artillery Reserve will arrive in Los Angeles Sunday for two weeks' training at Fort MacArthur. The regiment is commanded by Col. David McKell. The culminating point of the summer drill will be the target practice with 155-millimeter guns August 6 and 7.

FITZPATRICK WINS RECOUNT

But Nine Votes Separate City Election Contestants With Rendering of Court Decision

Joseph F. Fitzpatrick was declared by Superior Judge Collier officially elected as member of the City Council from the Thirteenth Councilman District yesterday at the conclusion of a recount of approximately 10,000 ballots based on the contest filed by Carl I. Jacobson.

But nine votes separated Jacobson, the "write-in" candidate, and Fitzpatrick, the recount showed. The official canvass, which was contested by Jacobson, gave Fitzpatrick a majority of twelve votes.

The recount gave Fitzpatrick 1688 votes and Jacobson, 1677. Compared with the official canvass vote of 1723 for Fitzpatrick and 1710 for Jacobson.

When the result of the recount was announced and Judge Collier had ruled in favor of Jacobson, Leland S. Davis and Lester C. Thorne, agreed to abide by the count and stated no further appeal will be taken. Fitz-

THE LANCER

THE well-known Hohenzollern family bobs up again. A New York paper has published a series of letters to an American girl from the former Kaiser and the Crown Prince. The all-highest is severely displeased with America and the policies of Woodrow Wilson. The Crown Prince, however, is displeased with his illustrious papa.

"HAD HIS CHANCE"

"Father," writes the Crown Prince, "had his chance and lost. He lost because he would not decide for himself for an alliance with England or Russia."

"I warned him that we would be isolated and squashed by the whole world. But he believed in the friendship of the whole world. He would not be convinced that a world war was coming on like fash."

"Being a Prussian officer, I was told to obey orders and keep quiet. I was never given a chance."

DODGING CHAOS

If the Kaiser had taken the young man's advice this would be a grand old world-in-chaos again. Civilization would have gone staggering to its knees.

A Russian-German war alliance would have meant the fall of the British Empire. And the fall of the British Empire would have meant world chaos. In many ways England has been a wild old bird, but in the whole, her rule has been wise and good. She has held the world firm as a white man's world.

But even had her rule not been good, any such revolutionary overturning of power would have brought endless disaster.

SHORT SKIRTS

Oh, fashion! Fashion! Fashion! A mayon writer predicts that girls' skirts will be shorter! As it is now, they don't know which way to turn at evening soirees. Knees and knees and—Well—

A REVEL OF CRIME

A Mr. Robert Parker is the chief constable—Chief of Police—of Manchester, Eng. He is now in America—disgorging statistics and theories.

His statistics are impressive; his theories not so impressive. In the whole of England (including Wales) last year there were fifty-one robberies. For the same period there were 1420 in New York City and 1048 in Chicago.

He expressed the belief that this appalling record is due to the fact that we permit too much gun packing; that we make too much fun of the police; and that the police are grafters.

All of which shows that the estimable Mr. Robert is a naive gentleman who hasn't thought much about the subject. He might as well have said that we have too many robberies because we have too many robbers. The real reason goes far deeper.

FUTILITY

A most astonishing kink in the brains of some men. The old engineer who killed his wife and tried to kill himself because he dreamed his young wife was signing for younger lovers.

If he had resolved to die, what difference could his wife make to him? He would have been dead. What his wife did—afterwards?

WESTERN AUTO PATRON AT KHJ

Supply Company Faithful to Radio Friends

Beatrice Howie Welcomed Back to Studio

Old-Time Program Given to Offset Jazz Era

By CLAUDE MELONTO
Quiet loyalty is sure to bring a quick response from KHJ and whenever a patron has become such an old and valued friend that his loyalty has been proven beyond cavil, he is sure to find instant response both from the studio and his listeners-in at his every appearance. The Western Auto Supply Company was our host last evening, and presented an example of the highest type of faithfulness. The program was the first of a series of weekly entertainments which will be presented by the Western Auto Supply Company consecutively for a year.

As a new feature of the 120 store which the Western Auto Supply Company owns in the West, a radio department is being organized. Under the direction of a department manager, an extensive and successful as the other features which have been added from time to time to the firm's activities.

The program last night took the form of old-fashioned radio and readings. The artists included the Tilton Trio, Edward Novia, baritone; Beatrice Howie, contralto; George Hood, reader; Mackie's Queen's Hawaiians and Mona Condit, accompanist.

GREY OLD FRIEND

It seemed to welcome back Beatrice Howie, whose warm contralto voice was an outstanding feature of the KHJ marathon. Miss Howie has an emotional appeal, a tone quality which is the underlying note heard in every mother's voice as she sings to her children. Last evening marked the all too seldom appearance of George Hood, our dean of old-time readers, who has no peer for the type of quiet, honey verses which he gives.

The entire program undoubtedly brought joy to the grandparents and persons who find it hard to enjoy the rubric middlebrow of today. It is to be the policy of KHJ to give these old-fashioned evenings from time to time in order that the ideal of pleasing the varied tastes of Radioland may be fulfilled.

The noon program presented the Piggly Wiggly Girls, whose work daily becomes more finished; Kimmie Holling, soprano, and Urban Thielman, pianist.

The afternoon program, given through the courtesy of the Pacific States Electric Company, presented the Tilton Trio; Grace Curry, baritone; Annie Lawrence, soprano; and Karl Brandenburg, reader. Miss Wheeler is beloved by the KHJ family, who have dubbed her "the flower lady," for the fragrant gifts which she brings us weekly. A large number of Miss Wheeler's life has been devoted to the collecting of rare English verse, and yesterday she was ready to readings which brought swift laughter and yet swifter tears.

GIVES TALK ON BEES

At 3:30 Oliver Sayler gave another talk on bees. He was the bee man a genuine feature of KHJ. When he tells us about the bees it is as fascinating as though we were hearing tales of another tribe of people as intelligent as ourselves.

The children's hour brought Uncle John a charming bouquet of his most cherished flowers—Viola Von, "The Wild Rose of KHJ," Calista White Wings, "Wing Grafting," "Little Sweetheart of Radioland," Joyce Coats, "Little Red Riding Hood," a short play written by Edythe McGrath of the McGrath Studios of Culver City, entitled "A Boy and His Foxglove," and Bob Watson and Maxine and Frances Riley; Jacqueline Byron, 11-year-old pianist; Annie Lawrence Wheeler in readings, and the Piggly Wiggly Hawaiian Trio.

At 7:30 two guests were welcomed to Los Angeles over the microphone by Uncle John. They were representatives of the Elks of the United States, Harry A. Mackey, from the sequentennial, and Charles Graklow, Grand Inceptor of the United States Elks. Gladys DeWitt closed the children's hour with another absorbing installment of her "Romance of the Santa Fe Trail," through the courtesy of the Santa Fe Railroad.

ORIENTAL ESTATE TO BE BUILT

Bernheimer Making Plans for Unique Residence to Cost Million

Purchase of seven and three-quarters acres of the Alphonso E. Bell estate between Ocean Highway and the new Beverly Boulevard by Adolph L. Bernheimer, retired New York capitalist, it was learned yesterday, will be featured by the expenditure of more than \$1,000,000 in building and developing the estate along oriental lines. Bernheimer's hill-top home in Hollywood of graceful Japanese architecture, has long been one of the show places of Southern California.

The new estate, it is said, overlooks the city and is mainly located on a tall bluff. At the Belmore Hotel, where he is staying, Bernheimer yesterday said that the purpose of the purchase of the land, but refused to divulge the details of his plans.

Sunken gardens, terraced hillsides, towers and distinctive oriental features will mark the unique country estate when completed, it is said.

A consideration of more than \$125,000 is said to have been paid for the land.

Puffing and Blowing

The mayor of a certain town was showing a distinguished visitor the things worth seeing. He praised the town to the skies and ended up, "If only we had the sea here."

"Well," interrupted the visitor, "I have a pipeline from here to the coast. It's only a hundred miles. If you can draw it, you will see the sea will soon be here."

VAN NORMAN SEEKS MORE EMPLOYEES

City Engineer Will Explain Program for Finishing Back Work in Record Time

City Engineer Van Norman this morning will lay before a conference of the City Council his recommendations for improving the efficiency of the engineering department so that the increased amount of public work should be made as the department can be completed in record-breaking time.

In brief, the City Engineer has requested additional compensation for trained men of the department so that he can retain them in the city's service. He said that the increased expenditure can be financed from assessments paid for improvement of public work. His plan is adopted.

A conference between the Mayor and the City Council's finance committee yesterday the Mayor urged that no requests for salaries of city employees be pending be granted hastily, but that before action was taken investigation should be made as to the wages paid for the same kind of work in private employment and by other city governments.

Jail Convinces Cycle Rider of Officer's Speed

Salvatore Rios, 21 years of age, a messenger, thought he could ride a motorcycle faster than Motor Officer Davis yesterday morning and learned that he was wrong. It took Officer Davis, he said, five miles of persistent riding to convince Rios. Judge Chambers agreed with the officer and sent Rios to the City Jail for thirty days.

Rios was first observed by Officer Davis at Toluca and Bonnie Rios streets where he was riding on his machine. When Davis approached to ask him about the missing plates, Rios, he testified, sped away. For five miles Rios led the way, roaring down streets at more than seventy miles an hour, hopping curbs, hurtling through hedges and across lawns and vacant lots. Davis followed persistently over every obstacle and finally overtook Rios at Sunset Boulevard and Bellevue avenue.

START ON WIDENING OF AVENUE ORDERED

City Attorney Stephens and City Engineer Van Norman have been instructed by the City Council to start proceedings for the widening of Chulita avenue from Los Feliz Boulevard to Sunset Boulevard. They were also instructed to continue the proceedings for the widening of Flower street so that the street will be widened at one time from Seventh street to Washington street.

Judge Refuses to Deny Right of Love-Making

"I can't very well deny a man the right to make love to his own wife," Judge Sumnerfield opined yesterday after mulling for some minutes over the marital troubles of L. B. and Nellie Hewittson. "This case is going to take some more thought, so I'll take it under advisement."

By so doing and adding an admonition to Hewittson that his love-making ought to be done in something like an orthodox fashion, the court gave temporary permission for a husband to court his own wife.

It all came about when Hewittson, Pasadena business man, was taken into court on Mrs. Hewittson's order to cause her to be restrained from molesting her.

"I want to see her because I want her back," or four times, Judge Sumnerfield said, "but I'll through now."

"You're not to cause her to be molested," Judge Sumnerfield suggested, "exercise a woman's prerogative and change your mind."

"Not on your life, I'm through," Hewittson said.

"Hm! This is a tough one," stated the court. "I'll have to think it over."

CHRISTIANS TO CONVENE

Disciples of Christ Churches Expect Three Thousand Delegates at Long Beach Meeting

More than 3000 ministerial and lay delegates are expected to attend the annual convention of Christian Churches of Southern California, to be conducted, beginning at 8 a.m. Monday, at the First Christian Church of Long Beach. Sessions will be conducted mornings, afternoons and evenings until, and including the following Sunday evening.

The principal speaker of the conference will be Dr. Edgar DeWitt Jones, pastor of the Central Christian Church of Detroit, Mich.

This convention commemorates the fiftieth anniversary of the founding of the Church of the Disciples of Christ in Southern California, the first services having been conducted at the old Los Angeles Courthouse and at Downey and Long Beach. Today there are more than 100 prosperous, active Christian churches in Southern California, with a membership of more than 30,000.

The public is invited to all the meetings of the convention, especially to the evening services, at which Dr. Jones will preach, and to the Bible study classes at 8 a.m. each day, when Dr. Jones will give a series of talks on "The Character of Christ." Following these classes, sessions of the General School of Methods for church workers will be conducted. At the direction of a special class which will have for its general topic "Latin America." At 8 p.m. Dr. Jones will speak on "The History of Christian Churches in Southern California."

SPEED TAG ALL WRONG, SAYS SHULER

Minister Willing to Pay Fine for Failing to Stop, But Denies Second Charge

Admitting that he crossed a boulevard stop without bringing his car to a halt, but denying he was speeding, Rev. Bob Shuler, pastor of the Trinity Methodist Church, took issue yesterday with the arresting officer.

Mr. Shuler was arrested Wednesday by Motorcycle Bayor of Mission Road. At just what spot he was overhauled also is the subject of dispute between minister and officer.

Officer Bayor reported that Mr. Shuler not only failed to stop at the boulevard intersection, but that he was speeding thirty-two miles an hour in a fifteen-mile zone past a hospital. Mr. Shuler asserted that he was guilty of crossing the stop line after he had slowed down.

"I was arrested several blocks north of the hospital and was proceeding south, so I could not have been speeding by the hospital," says Mr. Shuler.

He added that he did not ask the officer for mercy, nor was his wife in the car, as reported. He said he was guilty of crossing the stop line but not for speeding. He didn't see the stop, he said.

Officer Bayor said he wrote in the speeding charge first and that Mr. Shuler signed the tag after reading it.

"I arrested Mr. Shuler at MacGregor avenue and Mission Road, which is a short distance south of the hospital, so he speeded by the hospital. I told a woman in the front seat with him that I didn't care who he was when she asked, 'You don't arrest ministers, do you?'"

The case will come up before Police Judge Richardson next Wednesday at 10 a.m.

TRACTION DEAL UP WITH BOARD

(Continued from First Page)

Operation of the two streetcar systems has been apparent because of the expansion of the city over a larger territory. To cross from one part of the city to another frequently involves the payment of two car fares, and it is this expense and difficulty that prompted the Railroad Commission to undertake the investigation.

Completion of a merger is expected to bring immediate relief in the city's vexatious traffic problem.

Formal action is anticipated within the next month after Engineer Marsh and Board members complete their examination of the Saches report and make their recommendations.

SIGMA PHI SEEK GUEST FOR DINNER

Sacelle Veteran, Member of Fraternity Sixty-five Years, Missing

The Sigma Phi fraternity of Southern California is perplexed by an unusual problem. Members of the organization are planning to hold a luncheon August 6 in honor of the sixty-fifth birthday anniversary of William Channing Green, Civil War veteran, but cannot find the old soldier.

Green is absent from the Soldiers' Home at Saticum, and the fraternity of which he has been a member for sixty-five years has broadcast an appeal for assistance in locating him in time for the luncheon.

The old veteran left the University of Michigan during his sophomore year in 1861, and enlisted in the New York Volunteer Infantry, while a second lieutenant in the 11th New York, he was killed in the battle of Fair Oaks and promoted to the rank of first lieutenant.

All members of the fraternity have been invited to attend the luncheon. Special invitations have been issued to members of the "Big Old Guard," which included Chas. Root and a number of other men prominent in national affairs.

Sigma phi of Pomona will hold a monthly meeting at the Mountain Meadows Country Club, September 8.

Chambers Back Present Site of San Gabriel Dam

The flood-control committee of the Associated Chambers of Commerce of the San Gabriel Valley took a definite stand against any change in the site for the projected San Gabriel Dam by adopting resolutions at a special meeting. It was announced yesterday.

A resolution, after approving the selection of the dam site at the forks of the river, urged that the contract for the construction of the dam be awarded at the earliest possible moment.

Action by the committee, it was said, in coming out for the original dam site sets at rest reports that the association would sanction a change in the site. The committee also endorsed the action of other organizations which have filed with the Board of Supervisors protest against any proposal to change the location of the dam.

MARINE CHIEF VISITS CITY

Maj.-Gen. W. C. Neville, on Way to San Diego for Corps Inspection, Tells of Cut in Forces

Maj.-Gen. W. C. Neville, leader of marines during the war and at present commanding of the Department of the Pacific of the Marine Corps, left the Biltmore yesterday after a stop here for a day on his way to San Diego to inspect the body of marines stationed there. In addition to the Pacific Coast force, the command of Gen. Neville, who makes his headquarters at San Francisco, includes also Honolulu, Guam, the Philippines and Asiatic ports where marines are stationed.

"The total force of the Marine Corps at this time numbers 14,500 men, 4,000 of them being stationed in California," said Gen. Neville. "The force was cut down 1000 men the first of this month, in harmony with an act of Congress passed at the last session."

The general stated that the force of nearly 15,000 marines that has been stationed in Hawaii since 1913 was reduced to 500 last month. "Conditions in the negro republics have settled down so a larger force is not necessary at the present time. The United States government still has the right to exercise certain authority in the island under the treaty entered into in 1913, which will continue for another ten years.

Upheaving of policies that had been adopted since the war in connection with the maintenance of the Marine Corps, Gen. Neville mentioned particularly the Marine Corps Institute, an institution for the education of marines located in Washington.

Countess Freed From Jail When Charge Dropped

Mrs. Martina Wentworth Bertling, 22 years of age, who says she is a Spanish countess, was released from the City Jail yesterday after being detained on the strength of a bulletin sent out June 29, last, by Flagstaff (Ariz.) authorities.

Police here communicated with Flagstaff police and found that the charge against Mrs. Bertling had been dismissed after the matter had been straightened out in Oakland.

The charge was a forgery, said to have been in connection with land litigation in which she figured.

Annexation of Venice Foreseen in Coming Vote

Petitions asking for an election in Venice on the question of annexation of that city to Los Angeles were placed in circulation in the beach city yesterday, and if the proposition carries the city of Los Angeles will secure ownership of three and one-half miles of beach frontage, extending from Ocean Park, in Santa Monica, to Playa del Rey.

At two former elections in Venice annexation failed to carry, but at the Los Angeles City Hall yesterday officials declared that they had been informed that public sentiment in Venice had changed and that there was every indication that annexation will carry at the forthcoming election.

Novak Poisoned Candy Episode Declared Ruse

Police have dropped their investigation of the mystery surrounding the illness of Joseph F. Novak, Jonathan Club waiter rooming at 1328 Wilshire Boulevard, who earlier was reported to have eaten poisoned candy.

In the opinion of Detective Lieutenant Edwards the entire poisoned candy episode was simply a ruse employed to patch up domestic discord between Novak and his wife, Mrs. Anita Novak.

The detective's investigations indicated that Novak ate none of the candy containing poison, but simply was suffering from indigestion—a theory supported by the physician who attended the waiter.

UNIVERSITY SITE FUNDS FALL SHORT

Sum of \$245,000 Needed on Southern Branch Land as Expected Aid Fails

Because interested communities have failed to authorize bond issues of sufficient size to cover the cost of the 275-acre site in Beverly Hills for the new University of California, Southern Branch, it will be necessary to raise \$245,000 by popular subscription, or some other method. It was declared yesterday by a member of the site committee.

Which represents the interest in the project. The city of Los Angeles voted \$700,000 toward the purchase price of more than \$1,000,000, and Santa Monica and Venice are to vote on an issue of \$150,000 August 14. It was declared, but other communities have not progressed with their proposed bond issues.

When the Beverly Hills site was offered the Board of Regents for the new university branch, the transaction was underwritten by the site committee, and announcement of the deficiency of \$245,000 followed a meeting Thursday afternoon at the Beverly Hills Hotel, at which a thorough check was made on the progress made toward raising the correct amount for the site.

The site committee is headed by Dr. Charles H. Scott, president of the Pacific Palisades Association, Carl Bush, secretary of the Hollywood Chamber of Commerce, acts in a similar capacity for the committee. Other members are: Santa Monica, Venice, Beverly Hills, Sawtelle and other communities.

Actress in Films Adds Hand-Painted Umbrella to Silk Pajamas

A hand-painted beach umbrella was introduced at Santa Monica recently by Esther Ralston, Paramount actress, as part of an ensemble, including silk beach pajamas and a scarf to match.

While beach pajamas have been featured in the film colony for some time, it is believed that Miss Ralston is the first to appear with a silk-lined umbrella in color with the rest of her outfit.

The ensemble was in blue, sun-bleached and scarf being a deep shade.

Rozellia Butler loses New Point in Divorce Fight

Rozellia O. Butler yesterday lost another point in her action to settle her marital affairs when Judge Crawford sustained demurrers to an amended complaint for divorce brought by Mrs. Butler against Cooley Butler, reputed multimillionaire, and a suit for \$100,000 damages for alleged alienation of affections brought by Mrs. Butler against Le Rue Wallace Jenkins Butler.

Mrs. Butler asserted in her original complaint for divorce that she was induced by her former attorney to obtain a divorce from Butler in Reno in May, 1923. Immediately after the decree was granted, she said, her husband came to Los Angeles and married Le Rue Wallace Jenkins Butler. Mrs. Butler attacked the validity of the Reno divorce on the ground neither she nor Butler was a resident of Nevada, as required by the divorce laws of that State. She also charged that Le Rue Wallace Jenkins Butler conspired with others to alienate the affections of Butler and cause a separation. She asserted Butler owned property valued at \$100,000.

Mrs. Rozellia Butler was given ten days in which to amend her complaints.

Negro Shouts Threat to Kill Federal Chief

"I'll kill you, man, if it takes fifty years," William Wilds, negro war veteran, yesterday shouted at William Ashe, chief of the United States Secret Service in Los Angeles, as he was being led from Judge Sheppard's court after being sentenced to a year and a day in the Los Angeles County Jail for raising a Veterans' Bureau check from \$10 to \$40.

Wilds' ire was aroused when Judge Sheppard asked for his record and the condition that he shall not drive an automobile in California for one year. Sale was directed to appear in court one year from date and sign an affidavit that period.

Wilds first became involved with the law on June 2, last, when he was arrested to have appeared at the Seventy-seventh-street police

Station. He was released on bail and returned to his home.

JAIL TERM FOR ATTORNEY

Sale Sentenced to Cell for Thirty Days and to Pay Fine on Liquor and Recklessness Counts

Marmaduke Sale, practicing attorney, was given a jail sentence and fined by Police Judge Chambers yesterday after the court heard testimony relative to three asserted drunken escapades in which the attorney figured.

Sale was sentenced to a straight thirty-day jail term on one charge of drunkenness and received a suspended sentence of the same term on a similar charge. On a charge of reckless driving the attorney was ordered to pay a fine of \$250 and serve ninety days in jail, the jail sentence to be suspended for two years on the condition that he shall not drive an automobile in California for one year. Sale was directed to appear in court one year from date and sign an affidavit that period.
